

CAPABILITY STATEMENT

GCI TECHNOLOGIES INC.

1301 Precision Drive Plano, TX 75074-8636

Company Overview

Incorporated in 1982 Celebrating our 35th Anniversary

GCI Technologies is a **Minority Owned Enterprise** founded in 1982, headquartered in Plano, Texas. We are a leading designer and manufacturer of transformers, inductors, planar magnetics and sub assemblies in custom as well as standard off-the-shelf packages for military, aerospace, automotive, telecommunications, green energy and other demanding applications requiring the highest levels of performance and reliability.

What Sets Us Apart?

GCI Technologies is one of the few **MBE** who is also a **Preferred Supplier** of transformers and inductors for many Fortune 500 companies. We provide 100% On Time and Defect free products. Our extensive experience working with various market segments gives us considerable access to leading-edge technologies. This allows us to bring a new perspective to designs and to develop efficiencies into our customers' products and manufacturing processes. This insight creates value to our customers by helping them to push the boundaries of their projects.

Capabilities

- US As9100 certified manufacturing located in Plano, TX
- Far East mass production in 100% GCI owned factory
- Full engineering staff with 3D drafting and simulation capabilities in Plano, Texas
- Extensive raw material inventory for rapid prototyping turn-around in Plano, TX
- Ability to process PPAP reliability tests such as Temperature Cycling, Operational Life, Mechanical Shock, Vibration, Biased Humidity, Thermal Shock, Solderability...etc.
- Test equipment to test various electrical characteristics such as inductance, leakage inductance, RDC, HiPot, Exciting Current, Turns Ratio, Cw/w, Insulation Resistance...etc.

Quality Initiatives

GCI Technologies Quality Policy communicates top management's commitment to our Quality Management System requirements and its continual improvement to our processes, products and services in order to deliver products of the highest value to our customers.

GCI Technologies provides products and services of exceptional quality, on time, and at competitive prices to highly satisfied Customers. Our employees are essential to our growth as we focus on our continuous improvement objectives.

Customers

- GE
- UTEC
- Tyco Safety
- Harman
- Texas Instruments
- Delphi / GMCH
- Adtran
- Nokia

Company Designations

- TIN: 75-2304919
- D&B: 121446751
- CAGE: 534C6
- NCAGE: SES72
- NAICS: 334416

Manufacturing Portfolio

- TRANSFORMERS
- INDUCTORS/CHOKES
- 3 PHASE
- PLANAR PRODUCTS
- MIL-PRF-27
- CUSTOM ASSEMBLIES

Company Certifications

- TS16949
- ISO14001
- PPAP LVL5
- AS9100
- DFW MBE
